#### International Adventures on the Information Highway

Join Wendy White for a thought provoking journey on the information highway as it relates to sharing scientific information across political and cultural lines. Ms. White will discuss the importance of helping citizens and public officials understand the scientific aspects of critical global issues. Using examples from her own travels, she will explain how information networks help assure that advances in science and technology are shared by all. She will show how her own programs identified opportunities for and barriers against international collaboration in scientific research. She will also discuss the principles of the "universality of science" and the codes of conduct under which science is practiced on an international basis.

### GLOBAL AMBASSADORS

We will complete a record-breaking semester with 22 presentations.

On Nov 17 the team was asked to present ideas to the PSD Social Studies Curriculum Planning Group. This is an honor and underscores the recognition of the value of the program to the school district.

January 29th is McGraw IB World School's annual International Night of which we are an integral part. We will provide 15 speakers. It is open to the public and we encourage FCIC members and volunteers to attend.

## INTERNATIONAL BAZAAR

### Thank You! Thank You!

The International Bazaar was another great success! Thanks to the hard work of a team of thirty two volunteers, we were able to make more than \$1900 for FCIC. We had a team who helped sort donations and establish prices that allowed us to offer great bargains while still making money for the organization. The set up team helped us move items from various locations as well as transform the lobby into a thriving market place. Our sales team shared their passions for all things international which brought our customers in and helped make the sale. Finally, the clean-up team had us all packed up and on our way in less than an hour. Special thanks to Mark and Roy who unpacked everything again back at Lory the next day. This yearly event is a huge group effort and our organization is truly lucky to have such dedicated volunteers to make it happen with such success.

As coordinator of the event, I would like to extend a personal thanks to each of you. We couldn't have done it without you!

Nancy Murray
